

APEX HPDJ1

DJ Headphones

Apex HPDJ1 DJ Headphones set the standard for distortion-free output. Capable of handling 3,500mW of input (max), the closed-ear 57mm Neodymium drivers deliver high volume and the best possible clarity without ear fatigue.

Comfortable heavy-duty ear pads and swivel earcups allow the Apex HPDJ1 headphones to be manipulated into any desired position including single sided on shoulder monitoring.
